Quan...	Item Code	Description	Price Each	Amount
1	Install	Scope of work: Quote gate repairs  After a full inspection of the property and complete gate system, we have come to the conclusion that the main issue with the gate system is that the operating loop in the ground has been dug/pulled up, probably due to graders or plow trucks during the winter or road maintenance. This will continue to happen with the road conditions it is in. Our professional proposal is to trench in all new loops into drive and have entire gate area paved by paving company after we install new loops. This will secure loops into ground and prevent any further damage to loops. Only this will prevent trucks or graders from damaging the loops  (1) free exit loop 6 x 10 with 100' lead (1) shadow loop 6 x 10 (2) safety loops 6 x 10	6,000.00	6,000.00
1	Install	*Convert pre-existing receiver system for remotes to a receiver that is stable up to 450 remotes (existing receiver is only stable to 14 remotes *New receiver system will work with existing remotes *Star 450 315 mhz complete installed	450.00	450.00
6	Service - 1 man	Provided (6) extra remotes  Completed 10/17/17; Jay C. and Chris L.	45.00	270.00

**Total** \$6,720.00
